Reference: FCC Docket Nos 96-45, 98-171, 90-571, 92-237, 99-200, 95-116, 98-170
and NSD File No. L-00-72.

Dear FCC:

Raising the "universal service fee" fee's might be ok, if you also would limit the ability of corporations to profit from these increases. If there is no protection for the consumer.....then rethink the proposal !

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Paul Baczkowski
